1. PROCESS

- 1.1 The nationally agreed Agenda for Change Job Evaluation Scheme is used to determine the correct pay band for all AFC posts across the organisation.
- 1.2 The job evaluation scheme is divided into two processes:
 - job matching;
 - local job evaluation.
- 1.3 The primary method to be used for both new posts and re-grades will be job matching, whereby the job description is matched to a nationally agreed profile under the scheme. It is expected that the vast majority of posts will be banded in this way.
- 1.4 In highly exceptional circumstances where a post (new or existing) cannot be matched to a national profile, the band will be determined by evaluation of a JAQ in accordance with the terms of the scheme, including the use of hybrid matching where appropriate.
- 1.5 The scheme will be operated in a robust and transparent manner and supported by comprehensive records (paper-based and/or electronic) at each stage which may be used for effective evidencing of decisions, monitoring and audit purposes.
- 1.6 All requests for the grading of new posts must be authorised by the relevant manager (see Appendix 8) and must be accompanied by a grading request form with an explanation of the business need for the change in role (this information will not be made available to the panel members).
- 1.7 Grading request forms for evaluation of an existing post must include an explanation of how the post is to function in a significantly different way from when it was previously evaluated. The remit of the post should have changed such that there is a requirement for the post holder to demonstrate a change e.g. in level of responsibility, associated knowledge and skill, not simply an increase in workload. In every circumstance, it is the post that is matched or evaluated **not** the individual who happens to be in the post at the time.
- 1.8 Job descriptions and Job Specifications must be on the Trust template (Appendix 2), available on the intranet, and written to accurately reflect the needs of the post within the service and not the knowledge, skills, personal attributes or work preferences of the post holder. Phrases copied directly from the Job Evaluation Handbook will not be taken into account by the Panel unless supported by evidence of the particular requirements of the post in question (e.g. “implements policies which impact beyond own area” requires an explanation of which policies, which areas they impact upon and in what way).

- 1.9 Posts will be evaluated objectively using methods approved under the Job Evaluation Scheme and using all relevant post-specific information contained within the job description and Job Specification documents.
- 1.10 Documentation considered to be unfit for purpose at any stage of the process will be returned to the line manager, leading to a delay in the processing of the request.
- 1.11 Wherever possible the name(s) of the post holder(s) will not be made known to the panel members. The names of the panel members will not be made known to the post holder(s) or the line manager.
- 1.12 Advice and guidance on drawing up Job Descriptions and Job Specifications is available in Appendix 1. Additional support is available from the Human Resource Department.

2. PREPARATION

2.1 An Agreed Job Description/Job Specification

The Job Matching procedure is based on an agreed and up-to-date Job Description/Job Specification (JD/JS) for the job under review. Therefore, it is extremely important the Line Manager and the individual Job Holder(s) agree that the content of the JD/JS accurately reflects the job as this will enable the job to be properly assessed.

2.2 Signing Off

When the Line Manager and the Job Holder(s) are satisfied that the JD/JS is accurate and have agreed and completed the Job Evaluation Effort Form (**Appendix 4**), then the Line Manager will compile a Job Evaluation Matching Pack containing the following documents:

- The Job Evaluation Application Form (**Appendix 5 or 6**);
- The agreed Job Description/Job Specification;
- The Job Evaluation Effort Form (**Appendix 4**);
- The Signatories Form (**Appendix 8**) containing the signatures of all the employees undertaking the job to be reviewed;

2.3 Disagreements

Where the Line Manager and Job Holder(s) fail to agree on the accuracy of the job description/Job Specification and are unable to “sign-off” the document then the matter should be referred to the next manager in line, in consultation with a HR Representative, for a final decision. The Job Matching Procedure will not commence until the final decision had been made.

3. PROCEDURE FOR THE MATCHING OF NEW POSTS (Those with no existing post holder/s)

- 3.1 A new job is a role that has either not previously been undertaken within the Trust or is an existing role that has been changed considerably following the resignation of a previous holder.
- 3.2 Wherever possible new posts will be clustered before submitting to Vacancy and Scrutiny/Establishment Control Panel.
- 3.3 Before a new post can be advertised it should be job matched to a national profile in order that an indicative pay band can be determined for recruitment purposes.
- 3.4 In exceptional circumstances, and subject to the agreement of Agenda for Change Leads (management and staffside), if posts require advertising, prior to the manager receiving the matching outcome, or when an indicative pay band is established, the post must be advertised with the pay band subject to full evaluation. It should be born in mind by managers that this is only an indicative outcome and that there is a possibility of a lower/higher outcome at full evaluation.
- 3.5 Prior to any post being submitted for job matching it must be approved by the Establishment Control Panel. Following approval, applications for job matching of new posts should be submitted to the AfC Team using the Application for Matching of a New Post (**Appendix 5**) accompanied by an up to date job description and Job Specification, signed by the Manager.
- 3.6 The AfC Team will contact the Manager to schedule the new post for a Job Matching Panel, normally within **20** working days of receipt of the application. If there are any unforeseen delays the AfC Team will notify the Manager.
- 3.7 The Manager must be available by telephone to answer any questions which may arise during job matching.
- 3.8 The matching process will follow the Matching Procedure detailed in the NHS Job Evaluation Handbook. The factor levels agreed by the Panel on a factor by factor basis are entered into the computerised system for evaluation, scoring, and weighting.

The outcome of this stage is either:

- i) All factor levels are within the range specified on the profile, this a Profile Match

OR

- ii) Most factor levels match but there are a small number of variations, this is a Band Match.

OR

- iii) The factor levels do not match a national profile, this is a No Match.

3.9 The outcome will be referred to the Consistency Panel for checking and advice given accordingly.

3.10 After the outcome has been cleared through consistency checking by the Consistency Panel, the AfC Team will communicate the outcome to the Manager who will receive a copy of the matched job report and the national profile, together with a returned copy of the job description and Job Specification. Copies will also be filed with the panel papers.

3.11 If the job description does not match any of the national profiles it should be put through the local evaluation procedure (See Section 5.0)

3.12 A reasonable period of time will be allowed for the job to 'bed down' and this may vary according to the nature of the job. Once the full demands of the job are clear, the manager should resubmit the revised job description and Job Specification so it can be reassessed using the re-evaluation of an existing post process (Section 4).

4. PROCEDURE FOR RE-MATCHING OF EXISTING POSTS

4.1 It may be appropriate to carry out a re-matching where there has been a **significant** change in the job resulting in increased job complexity; increased responsibilities; organisational/department change or even a reduction in job content. (It should be noted that an increase in volume of work does not justify a re-evaluation.)

4.2 When organisational change necessitates a post holder to take on additional responsibilities and there are already comparable jobs in the organisation, it will be possible to give the post holder that matching outcome; however that must be signed off the Agenda for Change leads (management and staffside) and also put to the Vacancy Scrutiny/Establishment Control Panel. If approved there will not be a need for this post to be job evaluated.

4.3 When there is a temporary change of role to cover an existing post at a higher band ie to fill a post on a temporary basis when a vacancy is unfilled, but being advertised, or the post is being held open for someone who is due to return eg from long term sick leave, maternity leave, this should be dealt

with in accordance with Paragraphs 6.18 – 6.20 of the NHS Terms and Conditions of Service Handbook.

- 4.4 Prior to any post being submitted for re-matching it must be approved by the Establishment Control Panel. Following approval applications for re-matching should be submitted to the AfC Team using the Application for Re-Matching of an Existing Post form (**Appendix 6**) which should be completed and accompanied by an up to date job description and Job Specification, signed by the post holder, Line Manager and the relevant Director/Divisional General Manager/Head of Service. For senior posts (i.e. those above Band 8a), the application should be submitted to the Director of Workforce & Organisational Development.
- 4.5 Any application for evaluation must include an effective date. In the case of a request for re-evaluation it is expected that the effective date of change should be within six months of the date of submission of the request.
- 4.6 The AfC Team will be responsible for scheduling the post for a Job Matching Panel, normally with 30 working days of the application. If there are any unforeseen delays the AfC Team will notify the post holder and the Manager.
- 4.7 Both the post holder and the Manager must be available by telephone to answer any questions which may arise during job matching.
- 4.8 The matching process will follow the Matching Procedure detailed in the NHS Job Evaluation Handbook. The factor levels agreed by the Panel on a factor by factor basis are entered onto the computerised system for evaluation, scoring and weighting. The outcome of this stage is either:
- i) All factor levels are within the range specified on the profile, this is a Profile Match.
- OR
- ii) Most factor levels match but there are a small number of variations, this is a Band Match.
- OR
- iii) The factor levels do not match a national profile, this is a No Match.
- 4.9 After the outcome has been cleared through consistency checking by the Consistency Panel the AfC Team will send a letter communicating the outcome to the Manager, copied to the post holder. Attached will be a copy of the matched job report, and the national profile, together with a returned copy of the job description and Job Specification. The Manager will be responsible for ensuring that a copy is filed on the post holder's personal file. A copy will also be filed with the panel papers.

- 4.10 If the job match results in a lower band for the current holder, pay will be protected in accordance with Section 3: Protection of Pay & Conditions of Service of the Organisational Change Policy (H29), whilst TSDHCT staff TUPEd in from NHS Devon will retain their own protection arrangements.
- 4.11 The Manager is responsible for completing a change of circumstances form, where appropriate, quoting the job reference number.
- 4.12 If the post is not able to be matched the Consistency Panel will either:
- i) refer back to the Manager for additional information/completion of hybrid job analysis questionnaire*
- OR
- ii) refer the job back to another panel
- OR
- iii) refer the job for a full job evaluation as detailed in Section 5.0.

*A hybrid job analysis questionnaire may be used where the Knowledge and Freedom to Act factors have matched the profile but where matching against the matching rules failed on one or two factors.

5. PROCEDURE FOR FULL JOB EVALUATION OF EXISTING POSTS

- 5.1 With reference to 4.13 iii) above, within 14 days of the Consistency Panel meeting, the AfC Team will send a letter to the post holder, copied to the Manager requesting the post holder to complete a Job Analysis Questionnaire (JAQ). The completed JAQ must be typed and must be signed by the post holder and Manager, submitted electronically to the AfC Team within 30 working days.
- 5.2 On receipt of the completed JAQ the AfC Team will arrange for the post holder to meet with two job analysts, a management representative and a staff side representative. This is a supportive process to ensure that the JAQ has been completed clearly and all relevant information has been included.
- 5.3 Amendments agreed at the analyst meeting will be incorporated into the JAQ and sent electronically to the post holder and Manager for approval. When the amendments have been agreed and confirmed in writing/email by the post holder and Manager the AfC Team will schedule the JAQ for the Job Evaluation Panel within 30 working days of the amended JAQ being agreed.
- 5.4 The evaluation process will follow the National Protocol for Local Evaluation detailed in the NHS Job Evaluation Handbook. The outcome of this stage is a factor by factor evaluation of the job, together with a total weighted score. The computerised JAQ is the complete record of the process.

5.5 The outcome is referred to the Consistency Panel for consistency checking. If the Consistency Panel identifies any inconsistencies with the outcome the Panel will either:

i) refer back to the Manager for additional information

OR

ii) refer the job back to another panel

5.6 After the evaluation has been cleared through the Consistency Panel the AfC Team will send a letter communicating the outcome to the Manager, copied to the post holder. Attached will be a copy of the evaluated job report and summary together with a returned copy of the JAQ. The Manager will be responsible for ensuring that a copy is filed on the post holder's personal file. A copy will also be filed with the panel papers.

5.7 If the job evaluation results in a lower band for the current post holder, pay will be protected in accordance with Section 3: Protection of Pay & Conditions of Service of the Organisational Change Policy (H29), whilst TSDHCT staff TUPEd in from NHS Devon will retain their own protection arrangements.

5.8 The Manager is responsible for completing a change of circumstances form, where appropriate, quoting the job reference number, effective date of change.

6. REQUESTS FOR REVIEW OF JOB MATCH/JOB EVALUATION RESULTS

6.1 A review can be requested where the post holder disagrees with the job match/evaluation and can provide further information in support of their request for review.

6.2 A post holder who wishes to query the result of a job match or job evaluation outcome may do so by completing for a Band Assignment Review Form (Appendix 7). This must be signed off by the post holder and the appropriate level of line management as indicated in the table in Appendix 8 prior to forwarding to the AfC team.

6.3 The post holder(s) must provide details of where they disagree with the job match/evaluation and include any additional information. The manager/post holder must reach agreement on the content of the additional information prior to being forwarded to the Agenda for Change Team. The completed Band Assignment Review Form and additional information must be signed and dated by the post holder and the Manager and sent to the AfC Team within 20 working days of the date of the letter giving the result of the job match/evaluation.

6.4 The AfC Team will arrange for a Review Panel to meet within 30 working days of receipt of the application.

- 6.5 Both the post holder and the Manager need to be available by telephone to answer questions which may arise during the Review Panel meeting.
- 6.6 The review process will follow the procedure detailed in the NHS Job Evaluation Handbook (Section 11 – Matching Procedure, Paragraph 7). The Review Panel operates in the same way as the Job Matching Panel, factor levels agreed by the panel on a factor by factor basis are entered into the computerised system for evaluation, scoring and weighting. The outcome of the Review Panel will be either:
- i) confirmation of the same match;
- OR
- ii) confirmation of a match to a different profile;
- OR
- iii) confirmation of an evaluation resulting in a different band;
- OR
- iv) confirmation of a no match
- 6.7 The outcome will be referred for consistency checking through the Consistency Panel. With 14 working days after it has been cleared the AfC Team will send a letter communicating the outcome to the post holder, copied to the Manager.
- i) When the outcome is that the original match is sound the letter will include the relevant job matching report. The Manager is responsible for ensuring that a copy is filed on the post holder's personal file.
 - ii) When the outcome is a match to a different profile, attached will be a copy of the matched job report and profile/evaluation report together with a returned copy of the review documents submitted. The Manager is responsible for ensuring that a copy is filed on the post holder's personal file. A copy will be filed with the panel papers.
- 6.8 The post holder has no right of appeal beyond the Review Panel if the complaint is about the matching outcome.

7. JOB MATCHING/EVALUATION COMPLAINTS PROCEDURE

- 7.1 In the event that the post holder can demonstrate that the process was misapplied they may lodge a complaint. The complaint must be against the process, not against the matching result or pay band.

- 72 A complaint must be made in writing **within 30 days** of receipt of the written banding decision and forwarded to AfC Team, Human Resources Department, Hengrave House, Torbay Hospital. The complaint document must contain:
- Details of where the post holder(s) feel that the Matching or Evaluation process was misapplied **and** evidence to support the case;
- or**
- Details of why the post holder(s) is/are unhappy with the local application of the national agreement **and** evidence to support the case.
- 7.2 Receipt of the complaint will be acknowledged in writing and a Panel will be convened as soon as practicable and within 2 months of receipt of the complaint documentation.
- 7.3 The Panel will consist of:
- Associate Director/Service Manager/Divisional General Manager/Head of Service (or nominee)
 - Agenda for Change Management Lead (or nominee)
 - Agenda for Change Staffside Lead (or nominee)
- 7.4 No member of the Panel will have been involved in the banding process as a Panel member.
- 7.5 The Panel hearing will be attended by both the post holder and their line manager. The post holder has the right to be accompanied by an accredited trade union representative or work colleague employed by the Trust. If the complaint is a collective one affecting several staff, two post holders should be chosen to represent the views of all.
- 7.6 The decision of the Panel will be confirmed in writing to the post holder(s) and their line manager.
- 7.7 The decision of the Panel is final and concludes the complaints procedure.

APPENDIX 1

GUIDANCE ON DRAWING UP JOB DESCRIPTIONS AND JOB SPECIFICATIONS

INTRODUCTION

The Job Description/Job Specification plays an essential part in the Job Matching/Evaluation process. Therefore, it is important the Job Description/Job Specification is up-to-date and accurately reflects the job to be reviewed during the Matching/Evaluation process.

This guidance provides advice on what should and should not be included in a Job Description, particularly with reference to avoiding indirectly discriminatory practice and promoting diversity.

Having up-to-date and agreed Job Descriptions is good HR practice and their main purpose is to ensure that employees and their line managers have a common understanding of what is required of the jobholder. The required information is generally set out in the form of a list of job duties. Similarly, having Person Specifications available for all jobs is also good HR practice, because it facilitates the recruitment process.

Up-to-date and agreed Job Descriptions/Job Specifications are required to facilitate Job Matching and make the matching procedure accurate and efficient.

Job Descriptions should not follow the National Job Profile format as profiles are not job descriptions and do not fulfil the main purpose of having job descriptions.

Job Descriptions submitted for Job Matching should not contain any indication of the expected pay band.

Information required for Job Matching, which is not usually included in a Job Description or Job Specifications (e.g. in relation to the physical effort or working conditions) will be collected by the completion of the short questionnaire contained in Appendix 4 and, if necessary, through oral evidence.

GENERAL ADVICE

Try and make sure the language used in the Job Description/Job Specification is plain English and that technical words are used only when necessary and when referring to specialist equipment/treatment, techniques, etc. For example *“prepares pharmaceutical products using laminar flow equipment”*.

Use verbs that specify, objectively, the responsibilities of the Job Holder. For example, instead of the phrase *“Responsible for processing invoices”* state *“Prepare invoices for authorisation and payment by [doing what]”*.

Avoid using words that may undervalue a task, such as *“only”, “routine”, or “just”*. Instead use active verbs such as ...

Achieves	Contributes	Gives	Performs	Stores
Acts	Contacts	Helps	Plans	Specifies
Acquires	Controls	Hires	Prepares	Studies
Advises	Costs	Implements	Presents	Submits
Allocates	Counsels	Improves	Prices	Supplies
Analyses	Decides	Informs	Produces	Teaches
Appraises	Delegates	Interviews	Promotes	Telephones
Approves	Designs	Issues	Provides	Tests
Ascertains	Develops	Learns	Quantifies	Trains
Assesses	Directs	Maintains	Receives	Tutors
Authorises	Encourages	Manages	Recommends	Updates
Budgets	Ensures	Maximises	Reports to	Validates
Calculates	Establishes	Meets	Represents	Verifies
Circulates	Estimates	Monitors	Retains	Visits
Coaches	Evaluates	Negotiates	Reviews	
Completes	Examines	Organises	Selects	
Conducts	Finds out	Oversees	Serves	
Consults	Forecasts	Participates in	Services	

Other Job Holders should be referred to by their Job Title, e.g. Director of Finance.

The JD/PS must not contain potentially prejudicial information such as hours of work, the current or proposed pay band, gender, ethnic origin, etc.

ORGANISATIONAL STRUCTURE

The Job Description should include a simple Organisation Chart that clearly shows the job and where it sits in the organisational structure of the service/department/ward concerned.

Using job titles only the Organisation Chart must show the job (i.e. to be appointed to/evaluated) as well as the jobs immediately above and below this job (where possible, the two levels in the structure immediately above and below).

DESCRIBING THE JOB RESPONSIBILITIES

The role/purpose and functions of the job, including the main duties and responsibilities, must be described clearly and accurately. The Job Description should also indicate the Job Holder's level of accountability: whether the accountability is for their own actions or does it include the actions of others; the extent to which the Job Holder is expected to use their own initiative and act independently; and the extent to which the Job Holder is allowed discretion to take action.

Most Job Descriptions will need to describe some or all of the responsibilities outlined below.

Responsibility for Human Resources

- Does the post holder manage, supervise and/or train staff?
- What types of staff are managed or supervised and how many?
- What responsibility does the Job Holder have for on-going staff development?
- Does the Job Holder have any responsibility for new/junior staff or students?
- Does the Job Holder have any responsibility for educational/teaching sessions?

Responsibility for Financial and/or Physical Resources

- Does the Job Holder handle cash/cheques/patients' valuables?
- Does the Job Holder authorise payments to internal/external suppliers?
- Is the Job Holder responsible for the security of goods/equipment?
- Is the Job Holder responsible for stock control and is s/he an authorised signatory?
- Does the Job Holder have any responsibility for equipment?
- What responsibility does the Job Holder have for budgets (e.g. monitoring, budget setting, budget holder)?

Responsibility for Administration

- What responsibility does the Job Holder have for administrative functions/tasks?
- To what extent is the Job Holder required to plan and organise work (e.g. administrative responsibility for committees, groups, etc)?
- Is the Job Holder responsible for ensuring records are kept up-to-date?

Responsibility for Patients/Clients/Service Users

- What contact does the Job Holder have with patients/clients/service users and what is the nature/frequency of the contact?
- Is the Job Holder responsible for providing care and, if so, what is the nature of the care provided?
- Does the Job Holder have a responsibility for designing and/or implementing care programmes and, if so, does this involve other health care professions/disciplines?
- How does the Job Holder deliver care to the patient, e.g. in-patient setting, in a clinic, in the home, over the telephone?
- Does the Job Holder formulate and adjust diagnosis protocols or treatment plans and medication?
- Does the Job Holder have to work to and follow defined protocols/procedures? Does the Job Holder have any involvement in the development and writing of such protocols/procedures?
- Does the Job Holder have a lead role/responsibility for any aspects of patient care?

Responsibility for Implementation of Policy and/or Service Developments

- Does the Job Holder have any responsibility for the development and implementation of policy and/or services?
- Does the Job Holder only implement changes to established working practices or procedures?
- Does the Job Holder have any responsibility or involvement for the development of policy and/or services?
- Is the Job Holder's responsibility limited to her/his own work area or does their responsibility have a wider impact?
- Does the Job Holder have responsibilities across more than one service/department/function?
- Does the Job Holder's responsibility/involvement in policy development or service development impact on their direct working area or across the organisation?
- Does the Job Holder represent the team/department/organisation on any long-term planning or developmental groups?

Other Responsibilities

- Does the Job Holder have any responsibility for information resources (e.g. computer hardware/software; security; processing and generating information; creating, updating and maintaining information databases or systems) and the extent to which this responsibility is shared with others?

Please note it is assumed that all information encountered in the NHS is confidential.

- Does the Job Holder have any responsibility for formal clinical or non-clinical research and development activities, including audit, and the extent to which this responsibility is shared with others?

Summary

The Job Description must be ...

Clear Uses plain English, no unexplained abbreviations/acronyms, no unnecessary jargon, no gender specific items.

Concise Provides a brief summary of the main duties and responsibilities.

Correct Is an accurate reflection of the all the duties of the job.

Consistent Uses the Trust's JD template (see Appendix 2) and fits in with skills and experience detailed in the Job Specification.

DEVELOPING THE JOB/PERSON SPECIFICATION

For the purposes of job matching/evaluation a job specification is required and must detail what qualifications, knowledge, skills, aptitudes and experience is required of a fully competent post holder. See Appendix 2.

For advertising purposes a person specification is required so that shortlisting can take place and will have both essential and desirable criteria. See Appendix 3.

The specification describes the qualifications, experience and skills required to undertake the duties and responsibilities outlined in the Job Description and supports the recruitment process when appointing to the job. Writing the Job Specification requires the same use of plain English and avoidance of jargon as with the Job Description and should emphasise the knowledge, experience and skills that are actually required to undertake the role. Below are examples of the types of attributes that are typically included within the Specification.

Qualifications, Knowledge and Experience

- What is the minimum qualification(s) that is essential for appointment to the job? (The Person Specification may state that the undertaking of a qualification is expected on successful appointment, however in all cases the Job Specification should indicate the qualifications, knowledge and experience required for someone fully competent in the post, not just at recruitment).
- Where individuals could gain the necessary knowledge associated with the minimum qualification(s) through a combination of in-depth experience and/or theoretical study/training then describe the experience and/or study/training required as an alternative to the minimum qualification(s).
- Are there any legal/statutory requirements that are necessary for appointment to the job (e.g. State Registration)?
- Experience required as essential for appointment to the job should be listed and described with reference to the duties and responsibilities set out in the Job Description. For example, if the Job Description states that the Job Holder has a responsibility for staff supervision then the Specification may describe the relevant experience required as ...*“Experience of allocating and assessing the work of a team of 1-5 people”*.

Skills and Abilities

What skills and abilities will the Job Holder need to undertake the job effectively?

- Communication skills – e.g. the ability to establish and maintain effective relationships and gain the co-operation of others, motivational skills, negotiation skills, presentation skills, training counselling skills? Will the post holder need to communicate with patient/service users that will have communication or sensory difficulties?

- Analytical skills – e.g. to diagnose a problem or illness and understand complex situations or information, this could include clinical, technological, statistical or financial information.
- Judgemental skills – e.g. to formulate solutions and recommend/decide on the best course of action/treatment.
- Planning and organisational skills – e.g. if necessary describe the complexity and degree of uncertainty involved in these activities.
- Physical skills – e.g. standard or advanced keyboard skills, standard driving skills.

Assessment

The Specification must also identify how the identified criteria will be measured, including the method of assessment, as follows:

Essential requirements	These are minimum criteria which the individual must possess to be appointed to the job.
Desirable requirements	These are criteria which are useful to the role and may be used to choose between candidates who meet all the essential criteria.
Method of Assessment	Application Form Test Presentation Interview

JOB DESCRIPTION

Job Title:	
Band:	
Directorate:	
Location:	
Hours of Work:	
Accountable to:	
Reports to:	

1. JOB PURPOSE

This section is a brief statement, usually no more than 2 to 4 lines long, outlining the main purpose of the job.

Sometimes if the job has more than one distinct element (e.g.) Medical Directorate Manager/ Trust Cancer Lead) you will split the job purpose up in to say two statements.

It should not however become a long list of duties and responsibilities. That comes later.

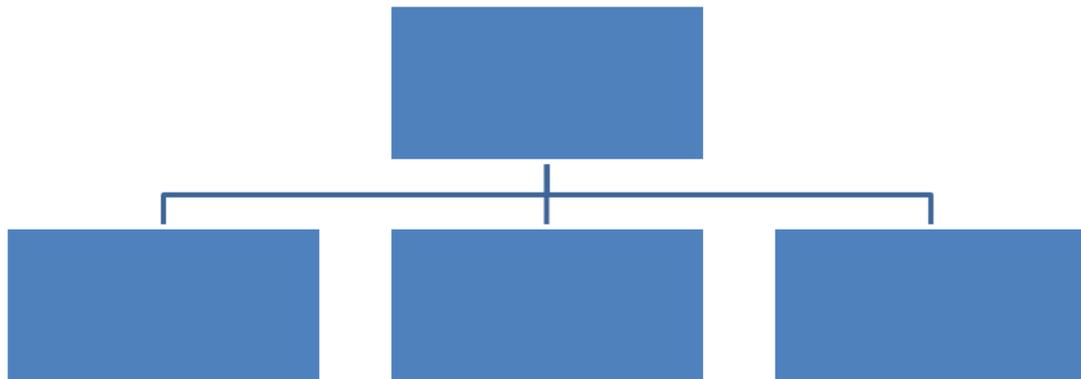

2. DIMENSIONS

This is the numbers section of the job description. Details of the size of budget managed and/or the numbers of staff the post manages etc will be detailed in here.

Even if the post does not have any budgetary or staff management responsibility there are often other figures which can be detailed in this section to give an indication of the breadth and scope of the post. These could include size of caseload managed, average number of referrals or the number of staff or patients an advisory service is provided to etc.

3. ORGANISATIONAL CHART

An Organisation Chart (using Job Titles only) showing the job to be reviewed and at least two levels above and, where appropriate, two levels below in the structure.

4. PRIMARY DUTIES AND AREAS OF RESPONSIBILITY

This section details the main duties, key roles and areas of responsibility attached to the post. It should be comprehensive enough to give a good understanding of what the normal routine of the job includes but it is not intended to be an exhaustive list of tasks. There is not a prize for having a Job Description with the longest list of duties and responsibilities! Remember to avoid using jargon and where possible explain any specific technical terms.

Responsibility for staff:

- *Does the post holder supervise or manage any staff?*
- *What aspects of management is the post holder responsible for?*
- *Does the post holder have input into ongoing staff development, and if so what is the nature of this input?*

Responsibility for patients/clients:

- *What is the nature and frequency of contact with patients/clients?*

Responsibility for resources:

- *Does the post holder handle cash/cheques?*
- *Does the post holder authorise payments?*
- *Is the post holder responsible for the security of goods/equipment?*
- *Does the post holder have responsibility for a budget or for administering, monitoring or setting budgets?*

Responsibility for Administration:

- *What administrative functions are key duties?*
- *Does the post holder have administrative responsibilities for any committees/groups?*
- *Is the post holder responsible for keeping records updated?*

Strategic and Service Responsibilities:

- *Does the post holder undertake medium or long-term planning as a key duty?*
- *Does the post holder represent the team/department/organisation on any long-term planning or development groups?*
- *Does the post holder develop or implement changes to established practices/policies?*
- *Does the post holder have responsibility across more than one department/function/service?*

Areas of Specialism:

- *Is the post holder required to have expertise in a particular specialty?*
- *Is the post holder required to undertake any major special projects as part of the role?*

Organisational Skills:

- *What sort of planning and prioritising or work is required?*
- *Is there any requirement for project planning?*
- *Is the post holder required to prioritise many competing demands?*
- *Is the post holder required to prioritise the work of other staff?*

5. COMMUNICATION AND WORKING RELATIONSHIPS

This section details the main working relationships and communication channels linked to the post.

- *Who does the post holder communicate with?*
- *What sort of environment will the post holder communicate in?*
- *What information is communicated?*
- *What method(s) of communication are used?*
- *Are any IT/technical communication skills needed?*

Please include for managers:

To ensure that patients/carers/service users/the public are involved in decision making processes where services or access to services is reviewed or changed, making appropriate time and resources available.

To involve patients/carers/services users/the public in interview and recruitment processes where their knowledge can inform the decision making processes.

6. ADDITIONAL INFORMATION

Clinical Governance and Risk Management

The Trust believes everyone has a role to play in improving and contributing to the quality of care provided to our clients. You are expected to take a proactive role in supporting the Trust's clinical governance agenda by:

- Taking part in activities for improving quality such as Valuing Everyone's Experience training or (for staff working within clinical specialties) clinical audit

- Identifying and managing risks through incident and near miss reporting and undertaking risk assessments
- Following Trust policies, guidelines and procedures
- Maintaining and improving your skills through continued professional development/your personal development plan agreed annually with your line manager.

All clinical staff making entries into health or social care records are required to follow the Trust standards of record keeping.

Code of Conduct

Registered staff and senior management are required to work in accordance with their relevant code of conduct for their professional body, and/or the NHS Code of Conduct for Senior Managers.

Confidentiality and Information Governance

You must ensure that you adhere to the relevant Trust guidance in relation to Confidentiality and Information Governance, which includes the collection and sharing of information in relation to staff, patients, relatives, partner organisations and third parties. The Trust has created guidance which satisfies that requirements of the relevant Acts of Parliament, including the Data Protection Act (1998), Freedom of Information Act (2000) and Access to Health Records Act (1990) as well as Department of Health guidance.

Conflict of Interests

You may not without the consent of the Trust engage in any outside employment and in accordance with the Trust's Conflict of Interest Policy you must declare to your manager all private interests which could potentially result in personal gain as a consequence of your employment position in the Trust.

In addition, the NHS Code of Conduct and Standards of Business Conduct for NHS Staff requires you to declare all situations where they or a close relative or associate has a controlling interest in a business (such as a private company, public organisation, other NHS or voluntary organisation) or in any activity which may compete for any NHS contracts to supply goods or services to the Trust. You must therefore register such interests with the Trust, either on appointment or subsequently, whenever such interests are gained. You should not engage in such interests without the written consent of the Trust, which will not be unreasonably withheld. It is your responsibility to ensure that you are not placed in a position which may give rise to a conflict of interests between any work that you undertake in relation to private patients and their NHS duties.

Disclosure and Barring Service (DBS)

Applicants for posts in the NHS are exempt from the Rehabilitation of Offenders Act 1974. All applicants who are offered employment will be subject to a criminal record check from the Disclosure and Barring Service. This includes details of cautions, reprimands, final warnings, as well as convictions. Further information is available from the Disclosure and Barring Service at www.homeoffice.gov.uk

Equal Opportunities

The Trust aims to promote equal opportunities. A copy of our Equality Scheme is available from the Trust website. You must ensure that you treat members of staff, clients and visitors with dignity and respect at all times and report any breaches that you witness to the appropriate manager.

Environmental issues

The Trust is committed to reducing its impact on the environment by preventing pollution, continually improving its environmental performance which increases the wellbeing of staff and clients. As a member of staff you are expected to adhere to policies to assist the Trust in meeting its environmental and sustainability target.

Health and Safety

You must co-operate with management in discharging its responsibilities under the Health and Safety at Work Act 1974 and take reasonable health and safety precautions for yourself and others and ensure the agreed safety procedures are carried out to maintain a safe environment for patients, employees and visitors.

Infection Control

The post holder, whether clinical or non-clinical, is required;-

- To undertake all mandatory and essential training in Infection Prevention and Control.
- To familiarise themselves with and adhere to current Infection Prevention and Control policies relevant to them and their area of work.
- To take responsibility to ensure the workplace is kept clean and tidy so that it is safe for all other users of that area.
- To communicate any identified infection risks to the Infection Prevention and Control Team and where appropriate report any Healthcare Associated Infections in line with the Trust's Incident Reporting Policy.
- To take part in the safety improvement projects related to infection prevention and in particular follow the Trust requirements regarding hand hygiene.

Fire Safety

Fire Safety in all the premises from which we operate is the concern of all those who work within these premises.

It is of the utmost importance that all members of Staff whether part-time, temporary, bank or permanent are fully aware of and familiar with the Fire Safety Policy and Procedures in the department they are working in. All new employees will receive Fire Safety training within the Trust's induction training programme.

Freedom of Information

You should be aware of the responsibility placed on employees under the Freedom of Information Act 2000 and are responsible for helping to ensure that the Trust complies with the Act when handling or dealing with any information relating to Trust activity.

Identity and Registration Authority Badges

Your identity badge should be on your person at all times whilst working in the organisation and available for inspection if challenged. Registration Authority Smartcards should be used in strict accordance of the Terms and Conditions agreed when signing the application form. Employees must comply with all trust policies in relation to IT access and confidentiality.

Information Quality Assurance

You are expected to take due diligence and care in regard to any information collected, recorded, processed or handled by you during the course of your work and that such information is collected, recorded, processed and handled in compliance with Trust requirements and instructions.

Medical Examinations

All appointments are conditional upon prior health clearance by the Trust's Occupational Health Service. Failure to provide continuing satisfactory evidence will be regarded as a breach of contract.

NHS Constitution

You are required to comply with the NHS Constitution in relation to the staff responsibilities that it sets out for NHS employees. You are expected to adhere to the NHS core values described in the NHS Constitution, which the Trust has adopted.

Professional Registration

All post holders undertaking work which requires professional/state registration are responsible for ensuring that they are so registered and that they comply with any Codes of Conduct applicable to that profession. Proof of registration must be produced on appointment and, if renewable, proof of renewal must also be produced.

Risk Management

You have a responsibility to report all clinical and non-clinical accidents or incidents promptly and, when requested, to co-operate with any investigation undertaken.

Safeguarding Children and Adults at Risk

The Trust is committed to safeguarding and promoting the welfare of children and adults at risk and is dedicated to robust recruitment checks.

Every employee has a responsibility for safeguarding and the protection of children and adults at risk. As such if the post holder witnesses, suspects or is told that abuse is occurring they have a duty to report the incident. Please refer to the Trust policies on Safeguarding Children and Vulnerable Adults.

Work Visa/ Permits/Leave to Remain

The Trust will consider British /EEA nationals for appointment in the first instance. If the applicant is a non-resident of the United Kingdom or European Economic Union, they are required to have a valid work visa and leave to remain in the UK, which is renewed as required. The Trust is unable to employ or continue to employ the applicant/post holder if they require but do not have a valid work visa and/or leave to remain in the UK.

Review of this Job Description

This job description is intended as an outline indicator of general areas of activity and will be amended in the light of the changing needs of the organisation. It will be reviewed in conjunction with the post holder on an annual basis.

Respect and Dignity	We value each person as an individual, respect their aspirations and commitments in life, and seek to understand their priorities, needs, abilities and limits. We take what others have to say seriously. We are honest about our point of view and what we can and cannot do.
Commitment to quality of care	We earn the trust placed in us by insisting on quality and striving to get the basics right every time: safety, confidentiality, professional and managerial integrity, accountability, dependable service and good communication. We welcome feedback, learn from our mistakes and build on our successes.
Compassion	We respond with humanity and kindness to each person's pain, distress, anxiety or need. We search for the things we can do, however small, to give comfort and relieve suffering. We find time for those we serve and work alongside. We do not wait to be asked because we care.
Improving lives	We strive to improve health and well-being and people's experience of the NHS. We value excellence and professionalism wherever we find it – in the everyday things that make people's lives better as much as in clinical practice, service improvements and innovation.
Working together for patients	We put patients first in everything we do, by reaching out to staff, patients, carers, families, communities, and professionals outside the NHS. We put the needs of patients and communities before organisational boundaries.
Everyone counts	We use our resources for the benefit of the whole community, and make sure nobody is excluded or left behind. We accept that some need more help, that difficult decisions have to be taken – and that when we waste resources we waste others' opportunities. We recognise that we all have a part to play in making ourselves and our communities healthier.
